

Agreement between the KUSA and the GSDF

For some time there has been a process of normalization in the relationship between the KUSA and the GSDF. There has also been common cause between the parties that the current agreement has to be reviewed. However, until this happens, the current agreement remains in force.

Due to a new spirit of cooperation between the KUSA and the GSDF, the Executive Committee has decided to lift all sanctions against the KUSA with immediate effect.

However, the ban against members of the Federation participating in the activities of the Rotek Club (Chairman Mr John Swartz) and the NVDS Club (Chairman Mr Jan Combrink) remain in force.
