

## **Agreement between the WUSV and the FCI**

The WUSV and the FCI recently concluded another Agreement of Cooperation. This follows the cancellation of a similar agreement about two years ago. The circular announcing the agreement and the English draft thereof can be accessed via the following links:

Please note that this new agreement does not alter the international status of the GSD Federation of South Africa as it currently exists in any way. The rumors that the Federation must now join KUSA is totally untrue since this requirement, as it did in the original agreement between the WUSV and the FCI, only applies to NEW applications for membership of the WUSV. (Sections 1(6) and 3 of the agreement applies).
