Of particular importance for this show is the Show Ordinance and where applicable the Breed Ordinance, which is available on the official Website. The following are especially important extracts form the Show Ordinance:
- 3.2.6 Courage Test**
- b) Bitches may be presented for the courage test in any order and may nominate a helper.
- c) Male dogs:
Competitors who have entered more than one male dog must report to the administration of the show between 12h00 and 16h00 on the day before the man-work where they will be allowed to slot their dogs into timeslots that will allow the handlers sufficient time between the dogs they are handling. After 16h00, but before the draw of helpers, handlers of single dogs may slot their dogs in the remaining available spaces on a first-come-first-served basis.
- d) The order of the helpers will be drawn immediately before the courage test.

- e) If the draw leads to a situation where a dog will bite on a family member or a person who has a personal bond with the dog, the owner or handler may approach the Show Manager who may change the order.
- f) The organisers will keep a test dog available to be used in the event of the man-work process being halted for any reason in order to give every dog the same chance, namely to be able to see a dog biting before being presented for its courage test.

Critiques:

- 3.2.7 Verbal critiques at the National Show will be limited to an overall impression of the class and to the first few dogs as per the discretion of the judge. Written critiques on all dogs will be published by the Federation.
