National Team Candidates 2011:

Any potential World Championship entrants must please ensure that their dogs comply with the veterinary requirements for entry into the European Union. This entails a Rabies Titre Test certificate (issued by Onderstepoort) as well as de-worming/tick & flea treatment certification. This is together with their regular vaccination regimen.

It is the handlers' responsibility to ensure that these documents are obtained timeously - failure to do so will bar your participation in the World Championships.

"Rabies Titre Tests" must be done ASAP and submitted to Onderstepoort timeously. (There can be a significant delay, especially if the dog requires revaccination & retesting if the antibody levels are too low) *Do not wait until after the National Champs. & Team Selection !!*
